Quote following a short-term rehabilitation stay:

My stay was fantastic! Initially, I had no idea what to expect. From the moment I arrived, I was met at the entrance and helped to my room. Everyone was friendly and I was introduced to the community and staff. I was made to feel welcomed and part of Brookside Village. They went out of their way to make me feel like one of the family!

The therapy program was excellent and the staff all knew my name. Not only were my expectations met, they were exceeded! Thanks to Brookside Village, I am back home and enjoying life once again.

Quote following a short-term rehabilitation stay:

“My stay was a pleasant experience considering not having been a patient in a long-term community beforehand. The staff was very nice, sincere, attentive and went above and beyond their duty to help me when I needed it. Their manners of working with the elderly was remarkable.

What I enjoyed the most about my stay was the friendliness of everyone that works there and how well they interacted with the other residents and their needs.

**They met my expectations and more,
I'm able to go back to a normal life and continue to live,
*simply because of their care.***
